## Production Manager: Packhouse

### About Us

Boomerang Fruits is a well established and diversified enterprise within the agriculture sector, committed to excellence, teamwork, and creating a positive workplace environment. We are seeking a Production Manager to oversee packhouse operations and ensure optimal productivity, quality and efficiency.

### Key Responsibilities

- Manage daily packhouse operations and staff.
- Ensure machinery and equipment are operational and maintained.
- Monitor production flow, quality standards, and safety compliance.
- Identify and resolve technical and operational issues promptly.

### Core Competencies

- Proven experience in packhouse or production management.
- Strong leadership and people-management skills.
- Knowledge of food safety, quality control, and operational planning.
- Strong practical and technical skills.
- Background in grinding, welding, and basic electrical work will be highly advantageous.
- Ability to work under pressure and meet production targets.

### What We Offer

- Competitive salary.
- Growth and development opportunities.
- Supportive and professional work environment.

*Interested candidates can send their CV and cover letter before 16 January 2026 to [albert@boomerangfruits.co.za](mailto:albert@boomerangfruits.co.za) and [juanita@boomerangfruits.co.za](mailto:juanita@boomerangfruits.co.za) with the subject line Production Manager Packhouse Application. If you haven't heard from us within two weeks of the closing date, consider your application unsuccessful.*
